Career Objective

Self-motivated, highly passionate and hardworking fresher with good problem-solving abilities looking for a challenging position where I can enhance my skills and knowledge and develop them along with the growth of the company.

Education

Qualification	Name of Institute	Board	CGPA	Year of Passing
Bachelor of Technology	Ravindra College of Engineering for Women	JNTUA	8.3(Till date)	2025
Intermediate	Kendriya Vidyalaya School, Kurnool	Central Board of Secondary Education (CBSE)	8.26(CGPA)	2021
SSC	Kendriya Vidyalaya School, Kurnool	Central Board of Secondary Education (CBSE)	8.75(CGPA)	2019

Technical Skills

- Programming Languages: Java, Python.
- Web Technologies: HTML, CSS.
- Database Technologies: SQL
- Office Applications: Microsoft Word, Power Point.

Projects Worked On:

- **Project Title:** ChatBot for Restaurant and Vegetable Shop
Description: Developed an intelligent chatbot using IBM Watson to enhance customer interaction for a restaurant and vegetable shop. The chatbot is designed to handle customer inquiries, take orders, provide menu recommendations, and assist with product inquiries.

- Project Title: Basic Task Manager

Description: The Basic Task Manager is a simple web application that allows users to manage their tasks efficiently. Users can add new tasks, mark tasks as completed and remove them when no longer needed. This project helps in practicing form handling, list management, and basic interactivity using JavaScript.
